Great Class. It was great to voice our opinions and have good discussions

Very good, made class interesting and was always helpful when needed.

He is serious, yet funny and the discussions and topics we discuss in class make the class time proceed fast and makes it interesting. I would definately take another class with Prof. Deke (Gould).

Good teacher!

- 4) We talk about the assigned reading

- 6) Lets each student give their thoughts
- 7) Excellent teacher

Really Good Class, a lot of expectations but overall very helpful!

I like that our final project is a paper that we work on all semester. It is nice to have a paper on a topic that interests us and that we can be proud of.

Deke is a great teacher who loves what he teaches. Any questions we have he has an answer for. I would make absolutely no changes to the course.

Really enjoy Deke, Class is alway interesting. Like use of powerpoint. He is alway on time, efficient with the 50 min and stimulates lots of Discussion

23. The professor stimulated thinking but sometimes I thought it would have been helpful to guide our thinking a little more so I could make sure I was going in the right direction.

Good teacher. always makes class interesting and you learn a lot

Readings were interesting; helped a lot to understand theories

The course was good compared to other core classes (should be semi-easy b/c we have to take them). Real life issues are important to discuss. Deke Gould was interesting and wanted to help.
