COMMENTS ARE MADE BY STUDENTS ON THEIR QUESTIONNAIRES. WE HAVE MADE NO EDITING OR SELECTING OF COMMENTS. ALL TYPOS ARE AS WRITTEN. [NB: These are evaluations for a course I took over for in the second half of the term.]

At first I was not interested in Philosophy, but after we had a new professor, he encouraged us to think and talk more in class. That made me become more interested in the class.

This class had me more interested in logic and argumentation, which is the best part of philosophy I feel. I've gained ideas and abilities which help me critically analyze... well everything. I will continue taking philosophy with the hope of continuing to think ever more clearly. This teacher/class helped me recognize my desire to do so.

Prof. Gould is a very dedicated and [sic] smart professor. His ability to engage each and every student in class is extremely amazing. I look forward to hopefully taking his classes in the future. Overall best prof. I have had at Augie.

A very well spoken and well rounded professor. A pleasure to have teach me.

He teaches a philosophy class the right way.

A very stimulating class, that made me think of issues on ethics more than I have before.

Thank you for coming to teach us on such short notice! I have grown a huge respect for philosophy & will recommend this course as well as you to others.

Enjoyed the lectures and the subject matter of the course. Assignments were not too hard but still gained a lot of knowledge.

Deke Gould A+ Teacher, make subject matter interesting, is very knowledgeable about subject. If was in charge of [sic] hiring faculty I would sign this guy to a big contract.

I liked the way Dr. Gould ran the second half of the term better than the first.

Great Course, Greate [sic] Proffesor

I felt he did an excellent job. He was in a weird situation with having to come in half way through the course and adapt to the previous teacher's foundation he set. So, he did well and kept us more engaged than the previous teacher.
