[N.B.: I took over this course from another instructor exactly half-way through the term (because of a medical emergency) on extremely short notice.]

Dr. Gould is always super enthusiastic during lectures/discussion & is very good at bringing in new ideas about the topic of the day. He keeps the class interesting!

I thought you did a great job filling in for Dr. Hill.

Good transition, but off topic at times the ideas weren't always explained clearly.

He is a great teacher. He knew a lot about the course material.

Deke was funny and involved as always.

Picked up flawlessly from where Dr. Hill left off and actually made the class more fun and easier to understand. An amazing professor overall!

The philosophy department in my opinion should really consider hiring Dr. Gould full-time. Great teacher and genuinely displayed a care for his students and the field of philosophy.

What kind of question is 43? Also very much enjoyed attending this class because of Dr. Gould.

This course was very interesting & a little more challenging for me personally since it is only the second philosophy course I have ever taken. Both Dr. Hill & Dr. Gould are very intelligent & passionate about this area of study & I enjoyed & appreciated learning from both instructors.
