<ul style="list-style-type: none"> The amount of reading seemed a little heavy for a one-credit class. Enjoyed the readings, mindset and growth and learning inspiring stuff which is why we are here This was so fun! I have thoroughly enjoyed my time in this course, despite it being something I did not look forward too at the beginning of it. There were so many helpful resources, texts, and faces we met these 7 weeks! Dr. Gould was an exceptional professor and always willing to help with the content in this class and was a very friendly face! Dr. Gould is great and puts in effort that is unmatched amongst other professors and faculty. n/a Glad that there is a course that helps us transfer's develop a community, however I wish there were less reading and more interactive activities or learning more about the school, its expectations, and different things like that.
Do you have any additional comments about particular textbooks, access codes, course packets, etc. used in this class that would help your instructor make decisions about using them in the future or not? -
